

GOVERNOR GEORGE E. PATAKI

GOVERNOR GEORGE E. PATAKI ENDORSES MARTUCCI

– “Mike is the living embodiment of the American Dream. He’ll be a strong voice for small business, a great steward of our natural environment, and a champion of the next generation of New Yorkers.” –

NEW HAMPTON, NY – The Mike Martucci for State Senate campaign is excited to announce that former Governor George Pataki has endorsed Mike in his race for New York’s 42nd State Senate District.

“In the middle of an economic downturn, Mike took the biggest risk of his life, the same risk thousands of New Yorkers take every year, and used his life savings to start a small business. Despite the levers of Albany bureaucracy working against him, Mike’s made it thrive.

We need more people like Mike, people who will make it their mission to machete red tape and rekindle the same entrepreneurial spirit in our laws that’s already alive and well in the hearts of every New Yorker.

But Mike’s life hasn’t just been all about the bottom line or making payroll. It’s also been about service and giving back to his local community.

For years, Mike and his family have worked to establish scholarships and foundations that have benefited hundreds of Hudson Valley residents and families, from children to farmers to women in need.

I couldn’t be prouder to endorse someone of such exemplary character and caliber as Mike Martucci for State Senate. The people of the 42nd District and the future of our great state will be well served.”
